

NOTE:

This document is specific to the
2002-2004 printed catalog.

research centers and institutes

CSUS research centers and institutes exist to advance the goals of the University and to enhance the institution's programs of instruction, scholarship and service. They provide a means for interdisciplinary collaboration and a method by which extramural funds and fees can be employed to supplement other resources. For more information about the programs, contact the director or the Office of Research and Sponsored Projects.
