

Registration Fees

Legal residents of California are not charged tuition; however, nonresident and foreign-visa students are required to pay nonresident tuition in addition to fees charged to all students. Fees for auditors are the same as for those receiving credit for a course. Extension and/or winter session students, resident or otherwise, pay tuition appropriate to the course taken.

All fees and tuition are subject to change upon approval by the Trustees of the California State University and/or budgetary approval by the State Legislature and Governor.

Registration fees are payable at time of registering. No individual will be admitted to class prior to payment or official waiver of registration fees. Payments may be made by check, cash, money order, or American Express, MasterCard, or Discover credit cards.

Refund Regulations

Student Financial Services Center
Lassen Hall 1003

Refund of Fees Including Nonresident Tuition

Tuition Regulations governing the refund of mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in Section 41802 of *Title 5, California Code of Regulations*. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported academic programs at the California State University. Refunds of fees and tuition charges for self-support programs at the California State University (courses offered through extended education) are governed by a separate policy established by the University.

In order to receive a full refund of mandatory fees, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes are available in the Schedule of Classes or at www.csus.edu/sfc.

For state-supported semesters, quarters, and non-standard terms or courses of four (4) weeks or more, a student who withdraws during the term in accordance with the university's established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

For state-supported semesters, quarters, and non-standard terms or courses of less than four (4) weeks, no refunds of mandatory fees and nonresident tuition will be made unless a student cancels registration or drops all classes prior to the first day in accordance with the university's established procedures and deadlines.

Students will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- the tuition and mandatory fees were assessed or collected in error;
- the course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- the university makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- the student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the university. Information concerning any aspect of the refund of fees may be obtained from the Student Financial Services Center.

Extension Refund

Extension course tuition refund applications must be submitted to the University prior to the first meeting of the class for a full refund, less a \$10 processing fee. If a student withdraws on or after the first class session, the following applies:

5-8	Prior to 1st class	Before 2nd class	After 2nd class
4 or less	Prior to 1st class	None	None

Special Session Tuition Refund

A \$10 processing fee is charged on all Special Session tuition refunds. Refund applications must be submitted to the University prior to the first meeting of the class for a full refund. If a student withdraws on or after the first class session, the following applies:

For Sessions Four Weeks or Longer:

1. During the first two days campus classes are scheduled — total fees paid, less \$10 processing fee.
2. Any other day of the first week campus classes are scheduled — total fees paid, less 35% and the \$10 processing fee.
3. Any day of the second week campus classes are scheduled — no refund.

Financial Aid Refunds/ Return of Title IV

Office of Financial Aid
Lassen Hall 1006
(916) 278-6554

A student who receives aid and withdraws, drops out, is expelled, etc., during or after the first day of enrollment will be reviewed in accordance with the Federal Title IV Student Financial Assistance Return of Title IV. The federal regulations require that Sacramento State provides for a refund using the pro-rata calculation if the student withdrew on or before the 60 percent of the enrollment period.

Students who withdraw after the 60 percent point will have refunds calculated in accordance with the policy referenced in California Code of Regulations, Title 5, Sections 41802 (resident) and 41913 (nonresident). The refund amount is always determined by the student's withdrawal date. Students are required to "officially" withdraw from the University. In the event that the student's progress does not reflect attendance, the unofficial withdrawal date used will be the mid-point of the payment period for which aid was disbursed or a later date documented by Sacramento State.

Under a pro rata refund, the percentage of the payment period for the period of enrollment completed is the total number of calendar days in the payment period or period of enrollment for which the assistance is awarded divided into the number of calendar days completed in the period as of the day the student withdrew.

A repayment situation may occur when a student receives aid as a disbursement to cover living expenses and ceases attendance. The Federal Formula will determine if the disbursement was greater than the student's living expenses up to the withdrawal data. The student must repay the excess amount.

Fees and Debts Owed to the Institution

Should a student or former student fail to pay a fee or a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid (see Title 5, *California Code of Regulations*, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. If a person believes he or she does not owe all or part of an unpaid obligation, that person may contact the Student Financial Services Center (SFSC). The SFSC, or another office on campus to which the SFSC may refer the person, will review all pertinent information, provided by the person and available to the campus and advise the person of its conclusions.

Cancellation of Registration or Withdrawal from the Institution

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the university's official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Admissions and Records at (916) 278-3901.

Students who receive financial aid funds must consult with the Financial Aid Office prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.
