Appendix B

Determination of Residence for Nonresident Tuition Purposes

University requirements for establishing residency are independent from those of other types of residency, such as for tax purposes, or other state or institutional residency. A resident for tuition purposes is someone who meets the requirements set forth in the Uniform Student Residence Requirements. These laws governing residence for tuition purposes at the California State University is California Education Code sections 68000-68090, 68120-68134, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the California State University's website at www.calstate.edu/GC/resources.shtml. These regulations were promulgated not to determine whether a student is a resident or nonresident of California, but rather to determine whether a student should pay University fees on an in-state or out-of-state basis.

Each campus's Admissions Office is responsible for determining the residence status of all new and returning students based on the Application for Admission, Residency Questionnaire, Reclassification Request Form, and, as necessary, other evidence furnished by the student. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

Generally, establishing California residence for tuition purposes requires a combination of physical presence and intent to remain indefinitely. An adult who, at least one full year prior to the residence determination date for the term in which enrollment is contemplated, can demonstrate both physical presence in the state combined with evidence of intent to remain in California indefinitely may establish California residence for tuition purposes. A minor normally derives residence from the parent(s) they reside with or most recently resided with.

Evidence demonstrating intent may vary from case to case but will include, and is not limited to, the absence of residential ties to any other state, California voter registration and voting in California elections, maintaining California vehicle registration and driver's license, maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or occupying or renting an apartment where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California.

Noncitizens establish residence in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States.

Exceptions to the general residence requirements are contained in California Education Code sections 68070-68084 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906-41906.5, and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and most students who have attended three years of

high school in California and graduated or attained the equivalent. Whether an exception applies to a particular student cannot be determined before the submission of an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire including questions concerning their financial dependence on parents who cannot satisfy university requirements for classification as residents for tuition purposes, which will be considered along with physical presence and intent in determining reclassification.

Residence determination dates are set each term. They are:

Quarter Term Campuses

Fall	September 20
Winter	January 5
Spring	April 1
Summer	July 1

Semester Term Campuses

Fall	September 20
Winter*	January 5
Spring	January 25
Summer	June 1

*Applies only to winter term at California State University, Stanislaus.

The residence determination dates for the four stages on CalState TEACH are as follows:

Stage 1	September 20
Stage 2	January 5
Stage 3	June 1
Stage 4	September 20

Students classified as non-residents may appeal a final campus decision within 120 days of notification by the campus. A campus residence classification appeal must be in writing and submitted to:

The California State University
Office of General Counsel
401 Golden Shore, 4th Floor
Long Beach, California 90802-4210

The Office of General Counsel can either decide the appeal or send the matter back to the campus for further review.

Students incorrectly classified as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations.

Resident students who become nonresidents or who no longer meet the criteria for an exception must immediately notify the Admissions Office.

Changes may have been made in the rate of nonresident tuition and in the statutes and regulations governing residence for tuition purposes in California between the time this information is published and the relevant residence determination date. Students are urged to review the statutes and regulations stated above.

Appendix C

Student Conduct

California Code of Regulations, Title 5 Education, Article 2, Section 41301. Standards for Student Conduct.

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community must choose behaviors that contribute toward this end. Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences.

(a) Student Responsibilities

Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and contribute positively to student and university life.

(b) Unacceptable Student Behaviors

this state (Penal Code 245.6) and in addition, any act likely to cause physical harm, personal degradation or disgrace resulting in physical or mental harm, to any former, current, or prospective student of any school, community college, college, university, or other educational institution. The term, “hazing” does not include customary athletic events or school sanctioned events.

Neither the express or implied consent of a victim of hazing, nor the lack of active participation in a particular hazing incident is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section.

(9) Use, possession, manufacture, or distribution of illegal drugs or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs.

(10) Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

 - (B) Disruption or interference with the orderly progress of a student discipline proceeding.
 - (C) Initiation of a student discipline proceeding in bad faith.

(c) Application of this Code

Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

(d) Procedures for Enforcing this Code

The Chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the University imposes any sanction for a violation of the Student Conduct Code.

California Code of Regulations, Title 5 Education, Article 2, Section 41302. Disposition of Fees: Campus Emergency; Interim Suspension.

The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the semester, quarter, or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President

or designated representative, enter any campus of the California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

Appendix D

Privacy Rights of Students in Education Records

All student records of the California State University, including California State University, Sacramento, are kept in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974, as amended.

Students may request access to those campus records which personally identify them and may challenge the accuracy of the record or the appropriateness of its retention in the campus records. Student consent is needed for the release of records covered by the Act to outside parties (e.g., prospective employers) except for those agencies entitled to access under the provisions of the Act (e.g., campus officials, other schools to which the student has applied, federal officers and agency requests in connection with the application for receipt of financial aid).

The University shall exercise its prerogative within the Family Educational Rights and Privacy Act, as amended, and release directory information to any person, party or agency, so long as the student has previously consented to such release. The consent to release or the refusal to release is accomplished during the student's application for admission process. Consent may be withdrawn or given by the student during each semester. To authorize consent or to withdraw consent, the student needs to complete the appropriate forms at Admissions and Records. Directory information includes: a student's name, addresses, e-mail address, telephone number, place of birth, major field of study, class level, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and most recent previous educational agency or institution attended by the student. For student employees covered by the Unit 11 Collective Bargaining agreement with the United Auto Workers (i.e., Teaching Associates, Graduate Assistants, and Instructional Student Assistants), directory information which may be released by the CSU to the UAW also includes: enrollment status (undergraduate vs. graduate, part-time vs. full-time), department employed and employment status (i.e., TA, GA, or ISA).

Agencies of the State of California may request for employment recruitment purposes the names, addresses, majors and total units completed of CSU students and former students. The University is required by law to release such information to state agencies on request if students have permitted such release in writing. Consent to release directory information as explained above will constitute a request to be included in state agencies' recruitment. Sacramento State will disclose education records without consent to officials of another school in which a student seeks or intends to enroll, upon that school's request.

A student may request a copy of records which he or she has requested or consented to be released. A student may file a

complaint with the US Department of Education concerning alleged failure by the University to comply with the requirements of FERPA. Mail complaints to:

Family Policy Compliance Office
 US Department of Education
 400 Maryland Ave SW
 Washington DC 20202-4605

Further information about the Family Educational Rights and Privacy Act of 1974 is available at <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>. Specific questions with respect to a student's prerogatives under the Act should be directed to the office of the Vice President for Student Affairs.

Appendix E

Average Support Cost Per Full-time Equivalent Student and Sources of Funds

The total support cost per full-time equivalent student includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of full-time equivalent students (FTES). The total CSU 2007/08 final budget amounts were \$2,985,874,000 from state General Fund appropriations (not including capital outlay funding), \$1,130,641,000 from State University Fee (SUF) Revenue, \$369,741,000 from other fee revenues, and reimbursements for a total of \$4,486,256,000. The number of projected 2007/08 full-time equivalent students (FTES) is 356,296. The number of full-time equivalent students is determined by dividing the total academic student load by 15 units per term (the figure used here to define a full-time student's academic load).

The 2007/08 average support cost per full-time equivalent student based on General Fund appropriation and State University Fee revenue only is \$11,553 and when including all sources as indicated below is \$12,567. Of this amount, the average student fee support per FTE is \$3,864, which includes all fee revenue in the CSU operating fund (e.g. State University Fee, nonresident tuition, application fees, miscellaneous course fees).

2006/07	Amount	Average Cost per FTE Student	Percentage
Total Support Cost	\$4,486,256,000	\$12,591	100%
State Appropriation	2,985,874,000	8,380	66%
Student Fee Support ¹	1,130,641,000	3,173	24%
Other Income and Reimbursements ²	369,741,000	1,038	10%

¹Student fee support represents campus 2007/2008 final budget submitted State University Fee revenue.

²The other income and reimbursements represent campus other fee 2007/2008 final budget revenues submitted, as well as reimbursements in the CSU Operating Fund.

The average CSU 2007/2008 academic year, resident, undergraduate student fees required to apply to, enroll in, or attend the university is \$3,521. However, the costs paid by individual students will vary depending on campus, program, and whether a student is part-time, full-time, resident, or nonresident.

Appendix F

Procedure For The Establishment Or Abolishment Of A Student Body Fee

The law governing the California State University provides that fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). The student body fee was established at Sacramento State by student referendum. The campus President may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose (Education Code, Section 89300). The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus President containing the signatures of 10 percent of the regularly enrolled students at the University. Once bonds are issued, authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code, sections 90012, 90027, and 90068. Student body association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs.

The process to establish and adjust other campus-based mandatory fees requires consideration by the campus fee advisory committee and a student referendum. The campus President may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus President. The President may also adjust campus-based mandatory fees, but must request the Chancellor to establish the mandatory fee.

For more information or questions, please contact Rosa H. Renaud, Financial Manager & Treasury in the CSU Chancellor's Office, at (562) 981-4570 or rrenaud@calstate.edu.

The federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959, may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan, or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at <http://www.sss.gov>.

Personal Safety and Protection of Property

Emergencies: Dial ext. 911 (campus phone)

Non-Emergency Assistance: Dial (916) 278-6851

The University and the Department of Public Safety encourage the prompt reporting of any incident that compromises the safety, health or rights of University community members. The Department of Public Safety is the primary respondent for campus emergencies and reports of criminal activity on campus. Officers are fully certified by the State of California and cooperate with State and local police agencies, resulting in the University's awareness of criminal activity, perpetrated beyond the campus, by students. Reports of criminal activity will be fully investigated, and appropriate referrals made to the courts, the University, or both.

Campus Buildings: Buildings on the Sacramento State campus remain open only through the completion of the last scheduled event. A daily schedule is provided to Facilities Management and buildings are locked on the basis of that schedule. Only employees with offices in or maintenance responsibilities for those buildings have access after buildings are locked.

Personal Safety Training: The Department of Public Safety has full-time police officers who are available on request for presentations regarding crime prevention to students, faculty, or staff (916) 278-6851. A full-time employee is available for seminars concerning personal safety for women through the Rape Prevention Education Program (916) 278-5422. In addition, students are employed through the Department of Public Safety as Community Service Officers with primary responsibility for additional security in the inner campus and to the Residential Life Complex.

Residence Halls: Sacramento State Residence Halls policy requires that exterior doors be locked at all times. All residents are issued a key for personal access. All guests must be accompanied by a resident. Additional information is contained in the Guide to Residential Living available through the Office of Residential Life in Sierra Hall.

Publications: Brochures are available through the Department of Public Safety which provide additional information under the following titles: Do You Know How To Be Safe?, Personal Safety, Disaster Preparedness, Auto Theft, Bicycle Safety & Registration, Resources Against Rape, Protecting Valuable Property, Operation Identification, Hate Crimes, Stalking, Take Steps for Personal Safety, Date Rape, Staying Safe On Campus, Naked Truth About Alcohol, The College Experience, The Road Trip, and Emergencies on Campus. The Sacramento State Rape Prevention Education Program has a brochure on Rape Prevention and another on Acquaintance Rape. An Emergency Response Manual is available to the campus community through Public Safety, or online, with information concerning procedures for fire, earthquake, serious injury, bomb threat, hazardous material leaks, and crimes in progress.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Sacramento State has made crime statistics available online at www.csus.edu/police/cleryact.htm. Reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Sacramento State and on public property within or immediately adjacent to and accessible from the campus during the last three years are included. Print copies are available in the library, and by request from the Department of Public Safety and the Office of the Vice President for Student Affairs.
